LCT at Volvo Trucks for Environment and Innovation

JUNE 20, 2017 | 11:00-12:00

WEBINAR

WHAT: A webinar with Swedish Life Cycle Center's new chairman Lars Mårtensson, Director Environment and Innovation at Volvo Trucks.

WHEN: June 20, 2017 at 11:00-12:00.

HOW & WHERE: Web-meeting with Skype for business. Join the meeting with your computer or phone. Login in details to the webinar will be sent to all registered participants before the meeting.

REGISTRATION: [Click here](#). Rsvp by June 19.

QUESTIONS: lifecyclecenter@chalmers.se

FOR WHOM: For partners in Swedish Life Cycle Center.

CONTENT:

Lars Mårtensson is the new chairman of Swedish Life Cycle Center. He is also Director Environment and Innovation at Volvo Truck. During this webinar Lars will talk about his new role at the center and why he took this role. Lars will also present his role as a Director of Environment and Innovation at Volvo Group. How is he working to link environment issues to innovations? How is LCA and life cycle thinking integrated this work? What are the challenges, opportunities and what is at top of the agenda at Volvo Trucks?

There will also be time for questions.

Welcome to join this webinar!

This webinar is arranged within the project Swedish Platform for Life Cycle Perspective, funded by Swedish Energy Agency. The project is managed by Swedish Life Cyce Center and aims to establish a national collaboration platform for the advance of applied life cycle thinking.
