

SWEDISH
LIFE CYCLE
CENTER

Swedish Life Cycle Center is a center of excellence for the advance of applied life cycle thinking in industry and other parts of society

SWEDISH
LIFE CYCLE
CENTER

*We aim for credible
& applied life cycle
thinking globally!*

A partner driven center

14 partners and 7 government agencies in collaboration

Short facts about us:

14

partners

22

years of
collaboration

400

professionals
in network

7

government
agencies

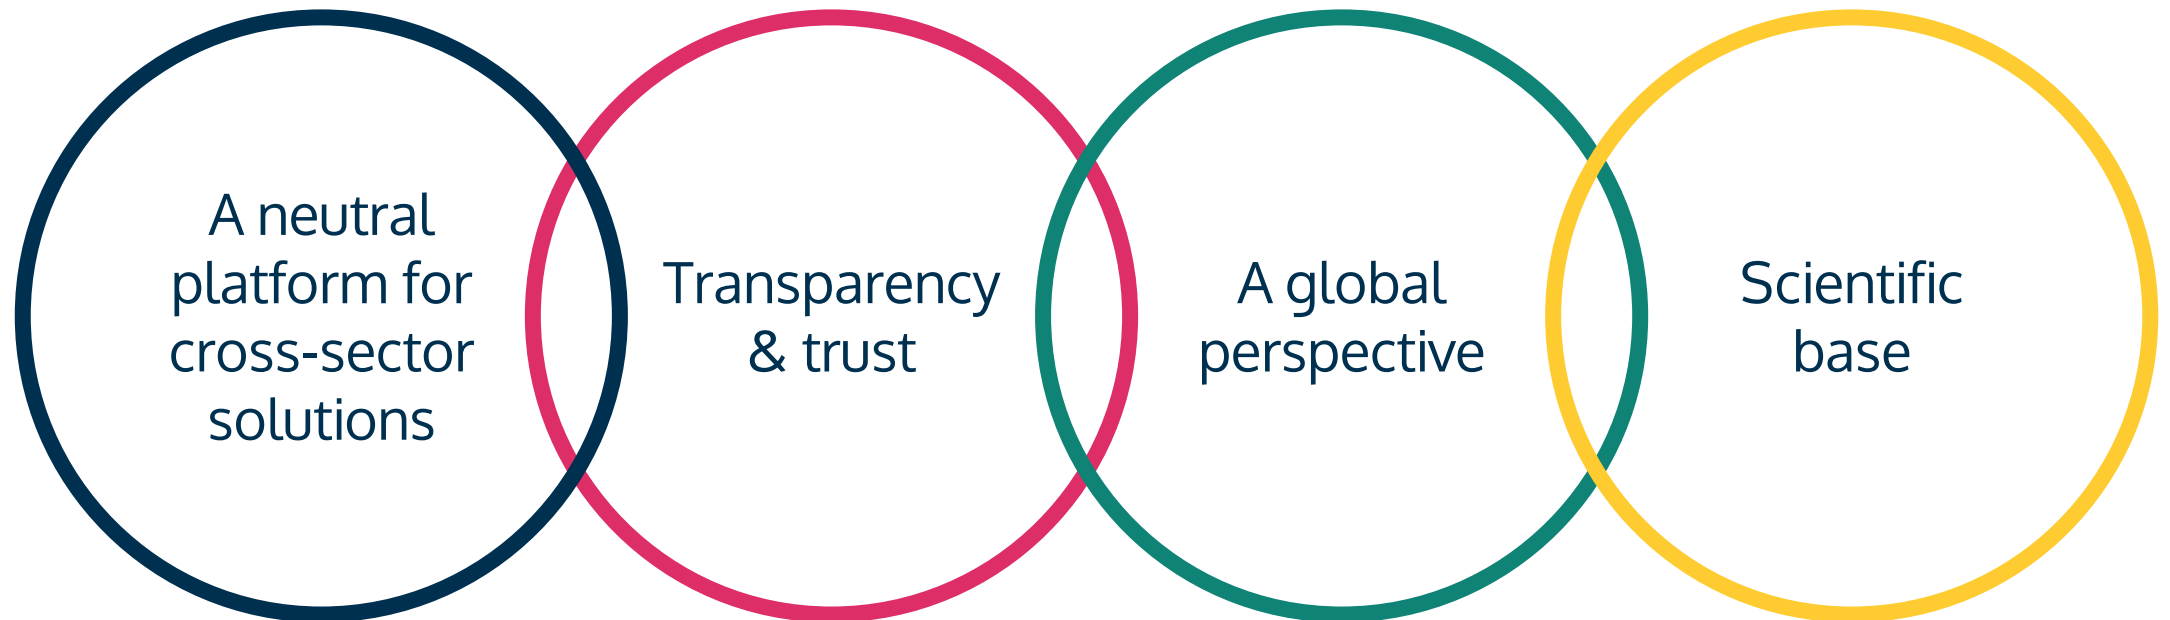

11

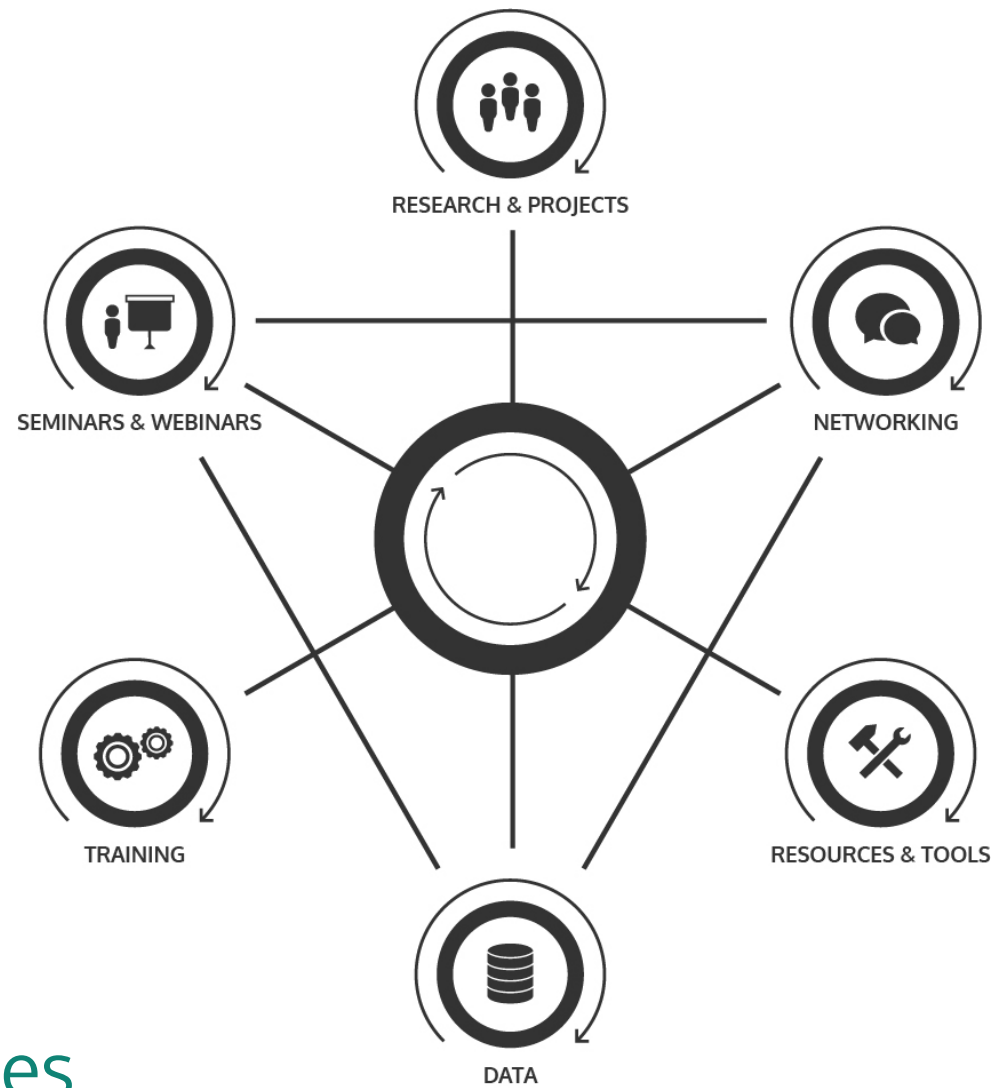

research projects
& groups

137

publications in
library

Core values and principles

Our activities

Research & groups

Working groups

- Academy group
- Biodiversity & land use
- Get the prices right
- Government agency group
- LCA data & methodology
- LCA & vehicles
- Social LCA

Expert groups

- Environmental footprint
- Data strategy

Projects

- Adapted decision support for increased energy efficiency in value chains
- Development of methodology to communicate environmental damage cost data
- Swedish platform for the life cycle perspective

On the agenda

AUG

- [LCIC in Berlin:](#) Session and presentations.
- New coworker: Jenny Lagergren

OCT-NOV

- [Two days course: Applied life cycle thinking.](#) Gbg
October 10-11. Sthlm
November 6-7.
- Webinar TBD

Many activities are able to take place thanks to the project Swedish platform for the life cycle perspective, funded by the Swedish Energy Agency.

400

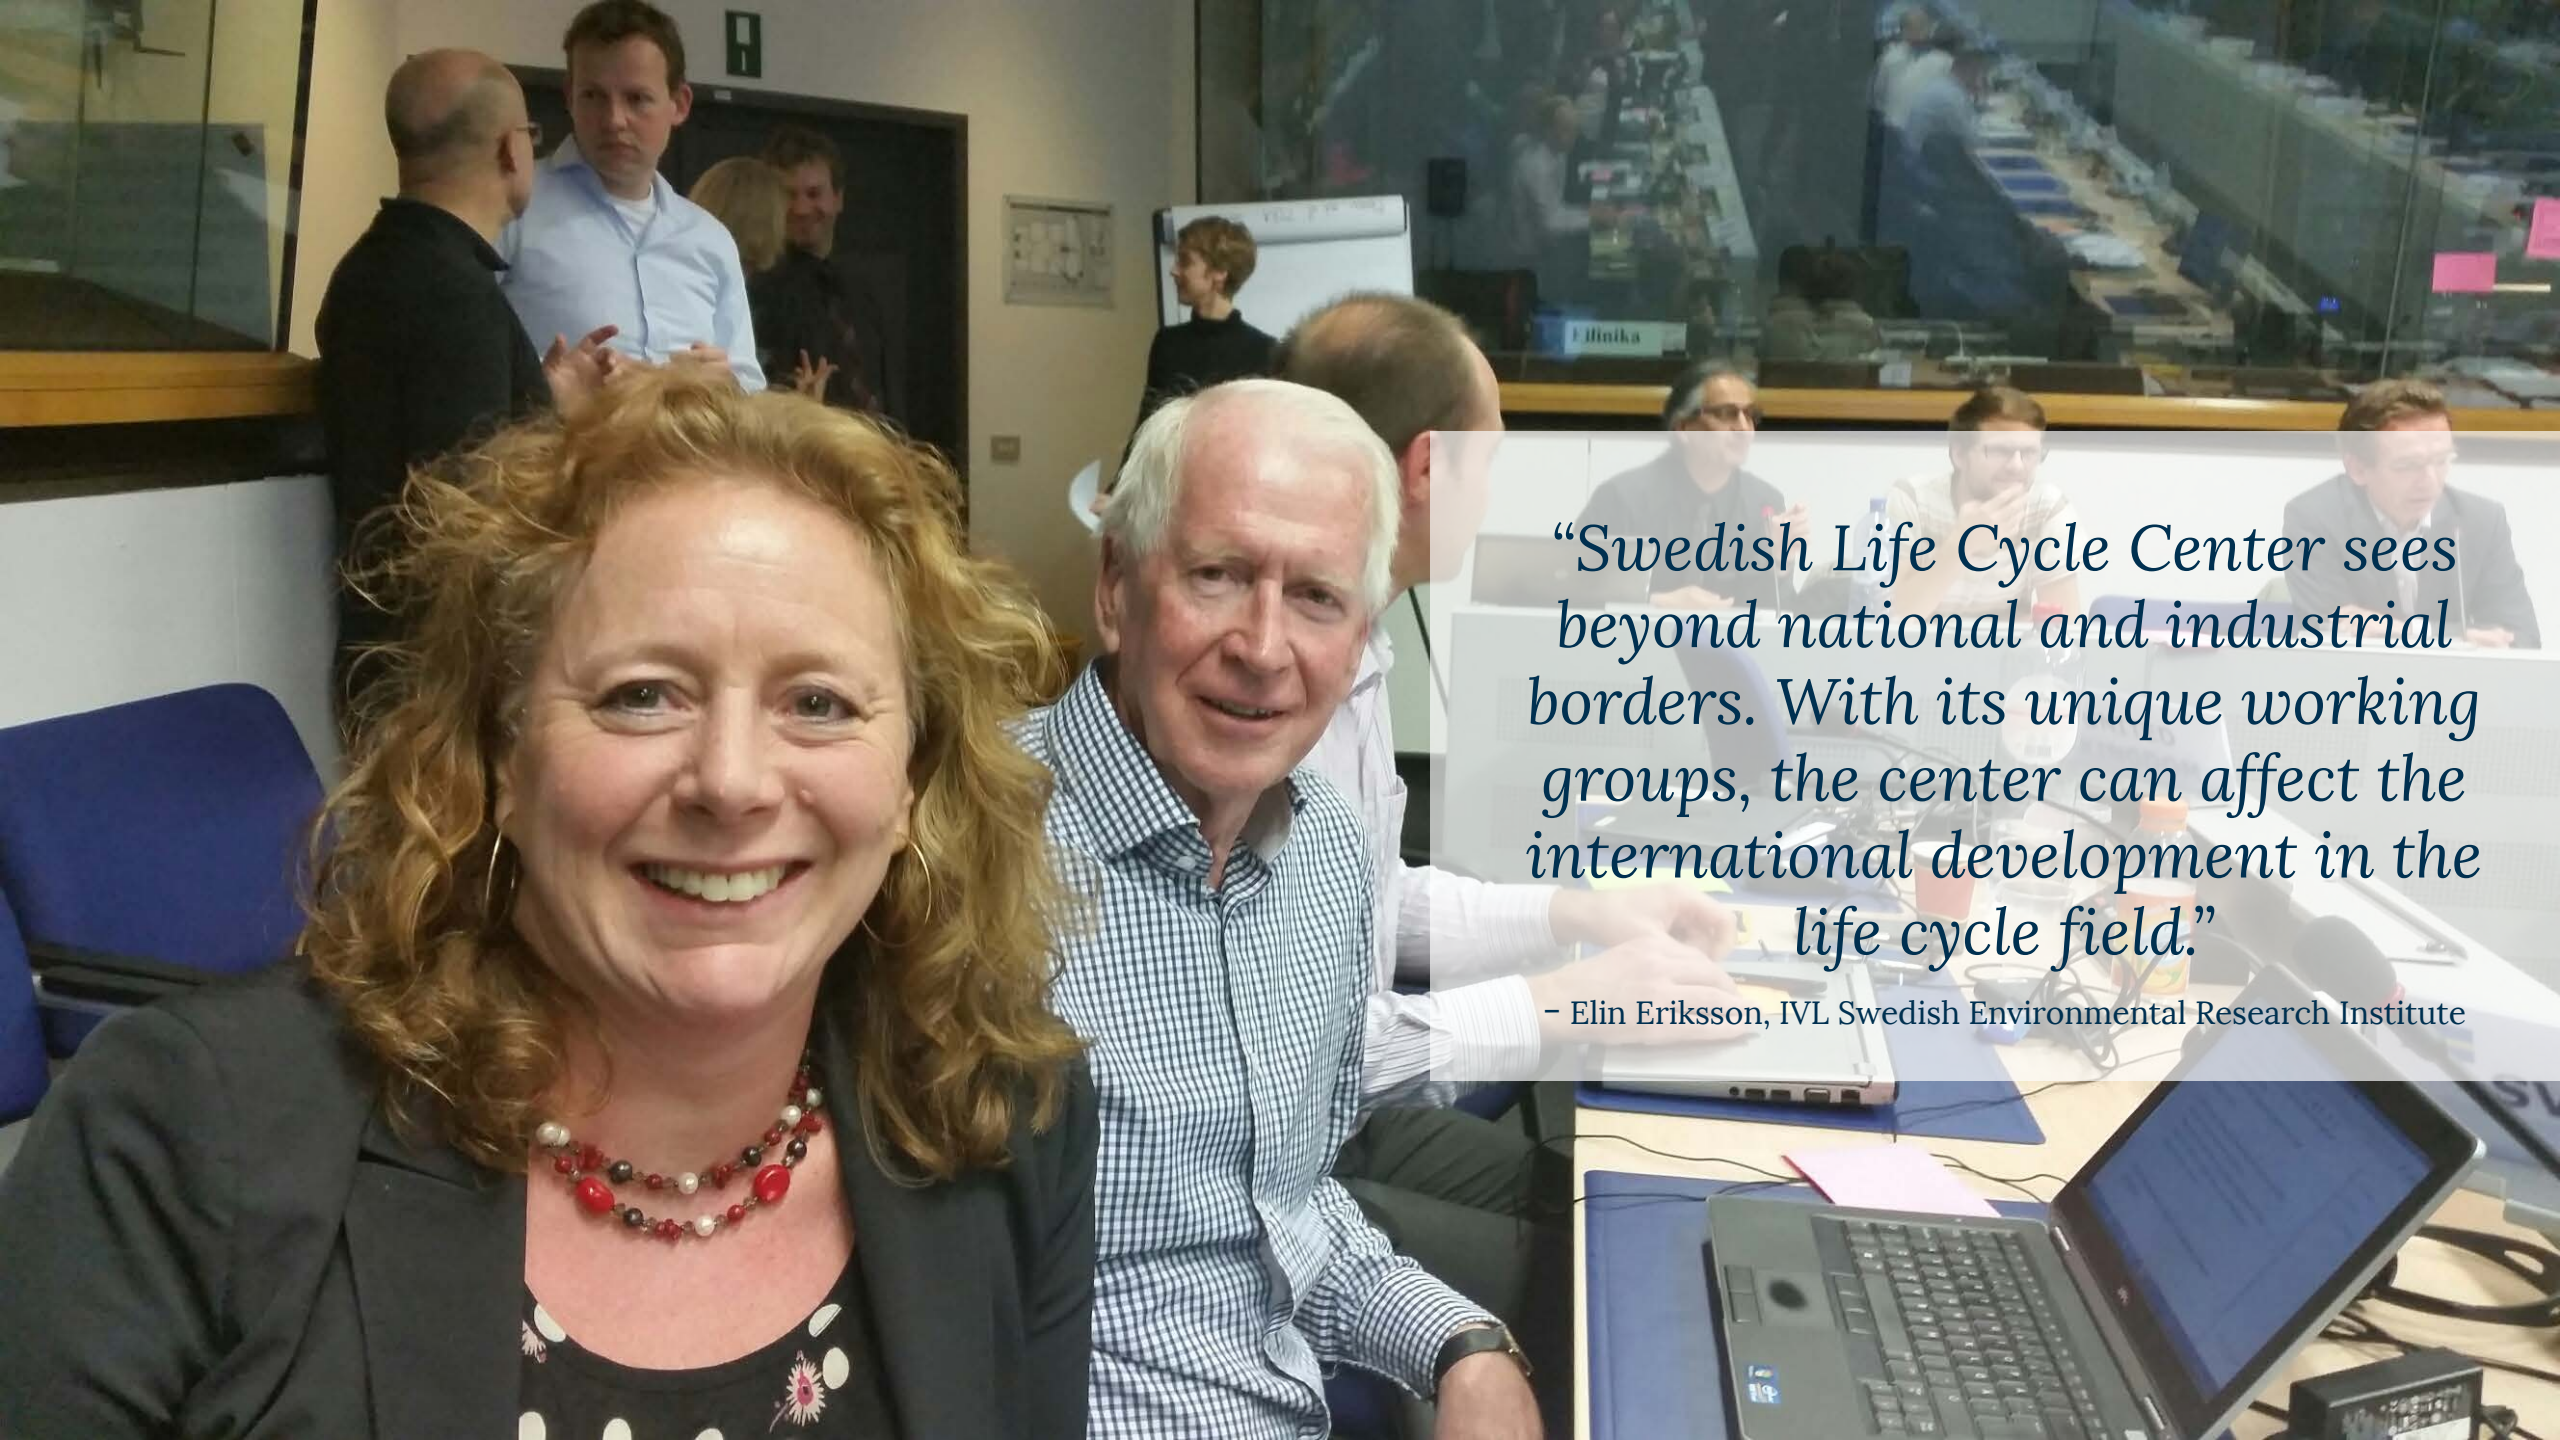

life cycle professionals in the
network

What is in it for partners?

1. New insights.
2. Scientific base.
3. Ways to manage long term sustainability.
4. Unique contacts, experience and competence.
5. Tools, strategies, business models, working processes to implement in operations.
6. Make an impact through a joint effort (harmonization).
7. Acceleration of knowledge –case studies.
8. Mutual learning process.
9. Benchmark.

“Swedish Life Cycle Center sees beyond national and industrial borders. With its unique working groups, the center can affect the international development in the life cycle field.”

- Elin Eriksson, IVL Swedish Environmental Research Institute

“With a lot of competence gathered in one network we can easier reach out with new research solutions and life cycle knowledge.”

- Susanna Widstrand, Swedish Energy Agency

“The network has supported in many issues. When we discussed purchasing a new software solution for LCA, the center’s partners were there to give advice and share experience.”

Anna Widerberg, Volvo Cars
